

Allowing your users to edit their profile.

If you wish, it is possible to allow users to edit their own profile such as username, address, telephone etc.

To do this you just need to provide your users with a link to the 'userprofile.asp' file located in your D2 Sitelock directory. They will be presented with a screen as follows where they can edit their details:

D2 Computing Ltd - Your Profile

<input type="checkbox"/> Your Username:	<input type="text" value="pouptest"/>
Please Note: changing your username may log you out of the system. If this happens, simply re-login using your new username.	
<input type="checkbox"/> Your Email Address:	<input type="text" value="a@b.com"/>
<input type="checkbox"/> First Name:	<input type="text" value="Paul"/>
<input type="checkbox"/> Surname:	<input type="text" value="Test"/>
<input type="checkbox"/> Address Line 1:	<input type="text" value="123 some st"/>
<input type="checkbox"/> Address Line 2:	<input type="text" value="testville"/>
<input type="checkbox"/> Address Line 3:	<input type="text"/>
<input type="checkbox"/> State/County:	<input type="text" value="testshire"/>
<input type="checkbox"/> Zip Code/Post Code:	<input type="text" value="TEST"/>
<input type="checkbox"/> Country:	<input type="text" value="UK"/>
<input type="checkbox"/> Telephone:	<input type="text" value="123456"/>
<input type="checkbox"/> Fax:	<input type="text" value="654321"/>
<input type="checkbox"/> Company Name:	<input type="text" value="D2"/>
<input type="checkbox"/> Mail Opt Out: *	<input checked="" type="checkbox"/> - Checked = You do not want mail sent to this address
<input type="checkbox"/> Account Expires:	<input type="text" value="2/15/2006 4:20:47 AM"/>
